## **An Important Message Regarding Summer Semester**

**from College President**

**Sheila Mingee, MBA, MSEd**

and

**Dean of Nursing & Associate Professor of Nursing**

**Lanette Stuckey, Ph.D., MSN, RN, CNE, CMSRN, CNEcl - *May 13, 2020***

With the new information that came out about the Governor's plan to reopen Illinois that includes phases and regions, the Administrative Team met to discuss how this impacts our summer semester. Lakeview College of Nursing falls under region 6, with schools being able to go back to campus in phase 4. It is with this understanding that we share with you Lakeview's plans for operations for summer 2020.

### **Summer Classes**

For the health and safety of our community, all in-person summer courses will be taught online through synchronous learning for the entire semester.

### **Labs**

After June 1, courses with lab components will be held on campus in groups less than ten and following social distancing guidelines. Faculty may also schedule their skill check-offs or hold a simulation on campus following these guidelines as well.

### **Clinicals**

After June 1, clinicals will be held at the clinical agencies as long as the clinical agencies will allow students. As of today, we have heard confirmation from OSF Danville and Urbana, Pavilion, and SBL.

We thank each one of you for your patience, kindness, and cooperation during this time.

***We are all in this together!***

President Mingee

Dean Stuckey
